DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 1-14 are rejected under 35 U.S.C. 102(e) as being anticipated by Suzuki U.S. Patent No. 6,129,274.

Regarding claims 1-14, Suzuki teaches determining at automated service machine information identifying a user, and providing an advertisement based upon the information; determining location, time of the machine; including printer, keyboard, display etc. (see fig. 2-5 and col. 7 line 7 to col. 8 line 50, col. 10 line 27 to col. 14 line 61).

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

White U.S. Patent No. 6,644,547 teaches kiosk for providing advertisement based on user id.

Gardenswartz et al. U.S. Patent No. 6,055,573 teaches targeted advertisement using a kiosk.
